

RG CCPP, REUNIÓN DEL GRUPO DE CIENCIAS PLANETARIAS. (MIÉRCOLES 6/9)

CONTACTO: ALEJANDRO CARDESÍN (Alejandro.cardenesin@sciops.esa.int) Aurora for ESA. European Space Astronomy Centre, Villanueva de la Cañada, Madrid

Annual meeting of the Spanish community for Planetary Sciences and Solar System Exploration, which covers all professional planetary researchers in Spain, with more than 60 active research groups, mostly within the frame of the Spanish Astronomy Association.

We will have a brief summary of the current situation of planetary sciences in Spain, the participation in international projects and missions, the collaboration with the EuroPlanet Society (EPS), and will debate the national research funding programs and other relevant topics.
