

Day 5, Thursday October 7, 2021

Radio Astronomy

Central European Summer Time

8:50	Connection Opens		
9:00	Session 15: Astronomy Working Group	Moderator1	
	Chair: Harvey Liszt	Moderator 2	
	Working group update + Recommendations (30 min)	Harvey Liszt	IUCAF and National Radio Astronomy Observatory (USA)
	Impact of satellites on measurements of the CMB (20 minutes)	Michael Peel	Instituto de Astrofísica de Canarias (Spain)
	Electromagnetic Interference caused by mega-constellations and on radio astronomy (20 min)	Federico di Vruno / Benjamin Winkel	SKA Observatory (UK) / Max Planck Institute für Radioastronomie (Germany)
	Meteor radio technology (20 min)	Svitlana Kolomiyets	Kharkiv National University of Radio Electronics (Ukraine)
10:30	Panel discussion and further discussion of questions in chat		
11:00	Coffee Break		
11:30	Session 16: Radio Astronomy - Round Table Discussion-Radio Astronomy, Satellites, Recommendations		
	Chair: Harvey Liszt		
13:00	Lunch Break
